Suite test

Prueba 1

```
Mongoose: products.find({}, { projection: {} })
```

```
Mongoose: users.createIndex({ username: 1 }, { unique: true, background: true })
```

```
Mongoose: carts.createIndex({ name: 1 }, { unique: true, background: true })
```

✓ endpoint should bring an array of 4 products (2476ms)

Prueba 2

```
body {
```

```
  name: 'Mintion | Beagle Camera | 3D Printer Camera | 32GB',
```

```
  description: 'Mintion Beagle camera is a dual-use 3d printer camera that allows you to monitor and control your 3D printer remotely, while also making it easy to create time-lapse videos.',
```

```
  code: 3366990,
```

```
  url:
```

```
  'https://cdn.shopify.com/s/files/1/0261/3710/0359/products/20221019202912_750x750.jpg?v=1672394071',
```

```
  price: 9810,
```

```
  stock: 90,
```

```
  incart: false
```

```
}
```

Mongoose: products.insertOne({ name: 'Mintion | Beagle Camera | 3D Printer Camera | 32GB', description: 'Mintion Beagle camera is a dual-use 3d printer camera that allows you to monitor and control your 3D printer remotely, while also making it easy to create time-lapse videos.', code: 3366990, url:

'https://cdn.shopify.com/s/files/1/0261/3710/0359/products/20221019202912_750x750.jpg?v=1672394071', price: 9810, stock: 90, incart: false, _id: new

ObjectId("645025292152473f4aa027d2"), createdAt: new Date("Mon, 01 May 2023 20:46:33 GMT"), updatedAt: new Date("Mon, 01 May 2023 20:46:33 GMT"), __v: 0, { session: null })

Mongoose: products.createIndex({ name: 1 }, { unique: true, background: true })

✓ endpoint should create an unique id for the new product (1245ms)

Prueba 3

Mongoose: products.findOne({ name: 'Mintion | Beagle Camera | 3D Printer Camera | 32GB' }, { projection: {} })

body {

_id: '645025292152473f4aa027d2',

name: 'Mintion | Beagle Camera | 3D Printer Camera | 32GB',

description: 'Mintion Beagle camera is a dual-use 3d printer camera that allows you to monitor and control your 3D printer remotely, while also making it easy to create time-lapse videos.',

code: 3366990,

url:

'https://cdn.shopify.com/s/files/1/0261/3710/0359/products/20221019202912_750x750.jpg?v=1672394071',

price: 13810,

stock: 90

}

Mongoose: products.updateOne({ _id: new ObjectId("645025292152473f4aa027d2") }, { '\$setOnInsert': { createdAt: new Date("Mon, 01 May 2023 20:46:34 GMT") }, '\$set': { updatedAt: new Date("Mon, 01 May 2023 20:46:34 GMT"), stock: 90, price: 13810, url: 'https://cdn.shopify.com/s/files/1/0261/3710/0359/products/20221019202912_750x750.jpg?v=1672394071', code: 3366990, description: 'Mintion Beagle camera is a dual-use 3d printer camera that allows you to

monitor and control your 3D printer remotely, while also making it easy to create time-lapse videos.', name: 'Mintion | Beagle Camera | 3D Printer Camera | 32GB', _id: new ObjectId("645025292152473f4aa027d2") }, { })

Mongoose: products.findOne({ name: 'Mintion | Beagle Camera | 3D Printer Camera | 32GB' }, { projection: {} })

✓ endpoint should modify the price of the product (547ms)

Prueba 4

Mongoose: products.findOne({ name: 'Mintion | Beagle Camera | 3D Printer Camera | 32GB' }, { projection: {} })

Mongoose: products.deleteOne({ _id: new ObjectId("645025292152473f4aa027d2") }, {})

✓ endpoint should delete the product created in test (350ms)

4 passing (5s)
